

Global Atlas - Site Appraisal Service

Category: Transaction Assistance

Sub-Category: Technical Assistance

User: Project Developers

Donor: International Renewable Energy Agency (IRENA)

Donor Countries: Multi-donor

Description:

Within the context of the Global Atlas programme, IRENA's new Site Appraisal Service aids in screening potential solar and wind sites earmarked for development. The service is applicable to small to medium scale wind projects (e.g., <50 MW).

Location: Sub Saharan Africa

On- or Off-Grid: Both

Geography:

Sub Saharan Africa

Eligibility:

On-Demand Service
